=====

**You can use this method for any other bank log**

✔ Loading Cashapp Using an Huntington bank log

You can use this method for any other bank log

## Requirements

Verified cashapp account with history ( <https://silkroadlogs.herokuapp.com>  
recommended store to buy verified cashapp account)

👉 **Plus Huntington bank log with email access** (You might also get from  
the recommended store above)

### Step 1

Login to the bought cashapp account using the email you got request access code and input the code to continue.

### Step 2

For confirm identity choose bank account and enter routine number and account number  
Get the cashapp routing number and account number

### Step 3

Login to the bank log and confirm identity using code sent to the email

### Step 4

Navigate to Payments click on bill pay and add payee

### Step 5

Fill in the cashapp account details (routing number , account number and type checking)

### Step 6

Click on pay people/companies add the amount you want to send and confirm payment

Money will reflect on the cashapp account after 1 business days and now you can use it to buy  
btc

DONE 💰💰
